## MAKING FISH CURRY ①

Fish, tomato, onion, green chilli, ginger, garlic, salt, red chilli powder, tamaric powder, coriander powder, black pepper powder, cumin powder, tamarind, mustard seeds, (curry leaves & coriander leaves if it is available).

1. cut one big onion in to small pieces then cut two tomato in to small pieces keep both in a separate plate.
2. Two pieces of ginger <sup>cut it in to round pieces</sup> and two big bulbs of garlic smash it well cut two or three green chilli cut it in to four long pieces each.
3. one small lemon size tamarind soak in one cup hot water.
4.  $\frac{1}{2}$  teaspoon red chilli powder, 4 or 5 teaspoon coriander powder, 1 teaspoon cumin powder, 2 teaspoon salt or according to your taste and more at the end after tasting,  $\frac{1}{4}$  teaspoon or less tamaric powder,  $\frac{1}{4}$  teaspoon black pepper powder mix together and keep it in a plate.
5. keep a frying pan in the stove then turn it heat to 5 take 3 or 4 table spoon oil make it hot then put  $\frac{1}{4}$  teaspoon mustard seeds untill the seeds are burst then add the onion pieces in to the oil and fry it until they become light brown.
6. then in the oil <sup>first</sup> add red chilli powder & tamaric powder <sup>(1/4 tsp)</sup> stir it.

- any mix with fried onions then add all the other spices  
to the oil stir it 3 or 4 times until they become warm.
7. Add smashed ginger and garlic, green chilli paste  
in to the oil stir it 3 or 4 times until they become  
warm.
  8. Add ~~smashed ginger and garlic~~ or tomato paste  
with the other ingredients stir it well 3 or 4 times  
reduce the heat to 2 or 3 then cover the vessel  
occasionally stir don't add water repeat stirring  
until they become like paste after few minutes oil  
will begin to separate from the paste if you feel oil  
is less add one more table spoon and stir it well.
  9. Take tamarind water two or three cups add in to  
tomato paste then check the taste if salt is not enough  
or chilli powder is not enough add according to your  
taste. If you feel water is less add more if you feel  
water is more allow it to boil few more minutes until  
the curry is thick enough because when you add fish  
pieces the water level will increase.
  10. Take a vessel pour everything from the frying pan  
allow it to boil turn the heat to 3 or 4 for few  
minutes.
  11. Add fish pieces curry leaves and coriander leaves  
turn the heat to 3 cover the vessel boil for 10 or 20  
minutes then off the stove but keep the pot on the  
stove after 5 or 10 minutes curry will be ready to  
eat. ~~allow the curry to boil more than~~  
allowing the fish pieces.

# MAKING BIRYANI

⑨

2198-206-2.8

Any kind of meat, onions, garlics, ginger, green chilli coriander leaves, mint leaves, chilli powder, turmeric powder, coriander powder, lemon, Yoghurt, ~~ch~~ cashewnuts, raisins, mixed curry powder, cinnamon, Biryani leaves, clove, elaichi, Basmati Rice, Butter.
